MEDIA BUREAU ADVISES AM RADIO AND FM TRANSLATOR LICENSEES AND PERMITTEES THAT SECOND AM STATION FILING WINDOW FOR FM TRANSLATOR MODIFICATIONS WILL OPEN ON JULY 29, 2016

In October 2015, the Commission directed the Media Bureau (Bureau) to open two FM translator modification windows for AM stations to modify and/or relocate FM translator stations (Modification Windows).¹ Following the release of the *AMR Order*, the Bureau released two Public Notices announcing the dates of, and details regarding, the Modification Windows.² The first window (First Modification Window), which was open only for applications to modify FM translators within the non-reserved FM band that would rebroadcast Class C and D AM stations, opened on January 29, 2016, and will close at 11:59 p.m. EDT on July 28, 2016. In this Public Notice the Bureau reminds AM broadcast and FM translator station licensees and permittees that the second Modification Window, which will be open for applications to modify FM translators within the non-reserved FM band that would rebroadcast any class of AM station (including Class C and D AM stations that did not participate in the First Modification Window), will open on July 29, 2016, and will close at 5:59 p.m. EDT on October 31, 2016.

Details regarding the scope of the Second Modification Window, eligibility to participate, application processing standards, construction and operational requirements, identification of eligible translator stations and available frequencies, and FAQs regarding the window are available in the Bureau's two previously released Public Notices announcing the Modification Windows.³
